

# International Conference John Owen

## Call for Papers

We will welcome any contribution that is related to our main theme 'John Owen: Between Orthodoxy and Modernity'. This theme will be discussed from four different perspectives, as the Announcement of the conference shows.

We invite theologians interested in the (sub)theme(s) to submit their proposal for a paper presentation at this Owen Conference in an abstract of about 250 words to: [mjkater@tua.nl](mailto:mjkater@tua.nl). Please, make sure that your contribution fits in one of the four research areas c.q. perspectives mentioned above and make this relation clear in the introduction of your paper.

We envisage papers of about 2,000 words, in order to allow enough time for discussion during the presentation of the papers.

Proposals should be sent before **April 15<sup>th</sup>, 2016**.
